# WIFE SAVERS BY MRS. MARY MORTON

**Goldenrod Eggs.**—Separate the whites and yolks of four hard-boiled eggs and chop the whites. Make a sauce of one and one-half tablespoons butter, two tablespoons flour and one and one-half cups milk. Cook over a slow fire and when the mixture is smooth season to taste and add the chopped egg whites. Pour over toast. Put the egg yolks in a colander or wire strainer and gently press them through. Sprinkle the little yellow kernels over the top of each serving and arrange either fresh or canned asparagus tips around or on top. Add a dash of paprika to the center of each dish if desired.

**Spinach Mold.**—Two pounds of spinach, washed thoroughly, cooked and chopped. Drain off all the water, add two tablespoons butter and season. Add one-half cup milk or cream and four egg whites beaten to a stiff froth. Place in a buttered baking dish and put in a pan of hot water in the oven. Cook in a slow oven for about 25 minutes. This may be served with a cream sauce in which the yolks of the eggs are to be used, or with brown butter. Garnish with sliced hard-boiled eggs.

**Butter the upper edge of the pan in which the cocoa is cooked and it will not boil over the top.**

Here is a suggestion from an ingenious soul: As my clothes closet was too small for my clothes, I enameled an old velocipede wheel and attached it to the shelf so it would swing around easily. I hang my dresses on hangers and place them on the rim of the wheel. This saves space and pressing of clothes.

Brass door knockers and handles may be kept brighter by rubbing with paraffin after cleaning, and finally polishing with a cloth.

When you wish to hem table linen, first run it through the sewing machine hemmer without any thread in the needle. You will then have a neat, even hem turned, ready for sewing.

A nice crack filler is made by soaking newspapers cut up fine. The paste is made by boiling a pound of flour in three quarts of water and adding a teaspoon alum; boil the cut-up newspapers in this until about the consistency of putty. Force this into the cracks with blunt knife. It will harden as it dries and then may be stained and painted to match beads.

**Cocoonut Cream Pie.**—Line a pie tin with rich pie crust and bake. Fill with following custard: Two eggs, two cups milk, three tablespoons sugar, two tablespoons cornstarch, one teaspoon flavoring. Put milk in double boiler and heat. Beat yolks of eggs well, add sugar, stir well, then add to hot milk and pour slowly into hot mixture stirring well to avoid lumps. After it has cooled remove from fire and add flavoring. Vanilla with just a little almond extract gives a delicious flavor. Beat whites of eggs stiff, add two tablespoons sugar, then drop on pie (don't spread smooth). Sprinkle with shredded cocoonut and brown in oven with knife. Do not brown too quickly or it will be watery underneath.

**THE BABY'S AIRING**  
 Air is more important to a little child than to an adult. The room in which an infant is kept should be aired daily, even in cold weather, after the child is four or five weeks old. At first take the infant's basket out of the room, air the room thoroughly for 15 or 20 minutes, then bring the baby back. Soon he will be able to remain in the room while the windows are open, provided he is protected from direct cold. By accustoming the infant gradually to breathing cool, fresh air the actual airing out of doors is almost unnoticed by the child when the time comes to take him out.

By dressing the baby warmly, as if he were going out, placing him in his basket and opening the windows wide, one may give the baby his daily airing without going out of doors if there is no one to take him, or if the weather is stormy.

## Ten-Pay Budget Plan Successful, Says Rappaport

Sam Rappaport announced today that the Ten-Pay Budget plan for the purchase of suits, coats and dresses, which he announced two weeks ago, has met with enthusiastic approval on the part of Torrance buyers.

"Sales of clothing at our store," said Mr. Rappaport, "prove that the Ten-Pay Budget plan satisfied a definite requirement in Torrance. A feature of the plan which is meeting with approval is the fact that we are arranging payments to suit pay-day requirements."

Mr. and Mrs. W. Moran of Los Angeles were Sunday visitors at the home of Mr. and Mrs. Wm. A. Phillips on Amapola avenue.

Louise Maddy of 254th street entertained a number of little friends Friday afternoon in honor of her birthday.

Mr. and Mrs. Walter Hathaway and sons, of Inglewood, spent Sunday with Mr. Hathaway's mother, Mrs. Hattie Hathaway, of Pennsylvania avenue.

added Economy

Only Buick has the sealed chassis and triple sealed engine

Better Buick operating costs are very low. This car is thrifty—both in purchase price and in ownership.

Buick design protects all operating parts from dust and wear—barricades them with iron or steel housings in the famous Buick "Sealed Chassis" and "Triple Sealed Engine".

The famous Buick Valve-in-Head engine develops more power from a given quantity of gasoline than other types of engines.

And now, the Buick oil filter makes it necessary to change crankcase oil only at rare intervals.

Even smaller, less powerful cars do not match the Better Buick in low cost of operation and maintenance. You add to your power to economize when you buy a Better Buick!
